

LUIS MOLINUEVO

NYC, NY | (347)-488-7462 | luismolinuevo0@gmail.com | <https://www.linkedin.com/in/luismolinuevo/>

SUMMARY

Senior Computer Science student also completing the CUNY Tech Prep and The Knowledge House fellowships. Currently looking for roles as a full stack web developer.

SKILLS

Programming Languages: Java, JavaScript, Python, HTML, CSS

Technologies: Eclipse, git, VSCODE, React.js, Bootstrap

Spoken Languages: English, Spanish

EDUCATION

Lehman College, Bronx, NY

Expected May 2023

Bachelor of Science, Computer Science

GPA: 3.5(3 years on Dean's List)

RELATED COURSEWORK

- Data Structures and Algorithms, Discrete Structures, Computer Organization, Programming

PROJECTS

School Management System *Java*

Dec 2021

- Created a school management system using Java in Eclipse in order centralize and streamline course information for students to easily access
- Utilized oop techniques, and arrays, to create an app that creates, deletes, and prints the students, classes, and staff
- This application focuses on oop techniques, arrays, file reading, and problem solving

City Search *JS, React.js*

Sep 2022

- Created a web app that displays cities associated with a zip code
- It utilizes react techniques like components, useState, props, and fetch
- The result allowed users to search for cities with a zip code

Workout App *JS, HTML, CSS*

July 2022

- Created a workout tracker that allows users to track the workout name, reps, weight, and more
- This application has CRUD functionality. It uses JS DOM and local storage to store data.
- The result allows users to track their workouts

EXPERIENCE

CUNY Tech Prep

New York, NY

Fellow, Web Development

Aug 2022-Current

- Selected for a competitive web development fellowship with students from across the 11 CUNY senior colleges where Fellows create technical projects using tools such as React, Node + Express, and PostgreSQL.
- Participate in weekly courses and learn industry best practices for design, implementation, and deployment such as MVC, version control with Git/GitHub, agile & Scrum with Trello and Slack, test driven development, and CI/CD

TKH Innovation Fellowship

New York, NY

Fellow, Web Development

Sep 2022-Current

- Competitive web development fellowship with students from all over the U.S. where Fellows will learn and create projects using tools like React, Node + Express, and MongoDB/MySQL
- Participate in weekly courses and learn industry best practices for design, implementation, and deployment such as MVC, version control with Git/GitHub, agile & Scrum with Trello and Slack, and test-driven development
